

## Player Pre-Existing Medical Consideration

If a player is injured and needs to be transported to hospital it will be useful in certain cases if knowledge of pre-existing medical conditions are available to hospital staff. An example would be in the case of a head injury where information regarding pre-existing medical conditions could not be given by the player.

<b>Player Emergency Information Card</b>	
<b>Player's Name:</b>	<b>Date of Birth:</b> /    / day    month    year
